

# Tile Seal & Protect

## High quality natural finish tile sealer

- Provides a cost-effective durable coating – protects the investment.
- Leaves long lasting protection against stains & spillages
- Extremely easy to apply – saves on time & effort.

**Availability:** 1L, 5L, 25L, 210L, 1000L

Our natural finish Tile Seal & Protect delivers a powerful seal to shield tiles against all kinds of stains and spillages. Penetrates deep into surfaces to provide a more comprehensive and long lasting finish for many different tile types. Coverage: Up to 10m<sup>2</sup> per litre for one coat.

Extreme strength and durability for a long-lasting finish. Easily maintained by damp mopping or spray burnishing. Protects and prolongs the life of flooring materials.

### Directions for use:

Ensure the surface to be treated is clean. It is recommended that a heavy duty tile cleaner is used to remove cement and grout stains from new tiles prior to treatment.

After cleaning allow sufficient time for the surface to completely dry before treating.

Using a dry, lint free cloth, apply an even layer of Tile Seal & Protect, moving in a circular pattern to ensure complete coverage.

Further coats for added protection may be applied. Allow up to 2 hours between coats.

For general maintenance use alongside an Every Day Tile Cleaner regularly in your cleaning routine.
