

Aero-San

Anti-Viral & Anti-Bacterial Sanitiser

- Meets the requirements of EN 14476 & EN 13697.
- Kills 99.99% of bacteria and viruses.
- Powerful 70%+ alcohol formula.

Availability: 400ml, 150ml

A powerful and rapid acting multi-surface sanitiser.

Can be used to disinfect most hard surfaces, non-porus surfaces and personal electronic devices including: mobile phone screens & covers, computer screens and keyboards, hand rails, doors, handles, steering wheels, shopping trolleys, chairs & other seating, telephones, light switches, letterboxes, wheelie bins, shoes . . . and many other surfaces.

DIRECTIONS FOR USE:

For hard surfaces simply spray the aerosol from 15cm and leave to air dry or wipe clean after at least 30 seconds. For complete anti-viral and anti-bacterial disinfection to the EN 14476* and EN 13697** standards, leave the product to work for 2 minutes. For any electrical components including light switches, screens and mobile phones, it is recommended to spray onto a cloth first then use the cloth to wipe the surface. Always test on an inconspicuous area before use. Not intended for use on skin or hair. Use only in a well ventilated area.

*Tested to meet the requirements of EN 14476 on hard surfaces in clean conditions and proven to provide a 4-Log reduction in enveloped viruses in just 1 minute.

**Tested to meet the requirements of EN 13697 on hard surfaces in clean conditions with a contact time of 2 minutes against the referenced strains of Pseudomonas aeruginosa, Staphylococcus aureus, Escherichia coli and Enterococcus hirae.

USE BIOCIDES SAFELY. ALWAYS READ THE LABEL AND PRODUCT INFORMATION BEFORE USE.
